TECHNOLOGY PARAMETER	Name / Model	ASST-20H	Outer Size	70*70*150	Movement Range	12 CM	Ram Power	2 KW
	Weight (Appx.)	.75 T	Voltage	380 V	3Ph.Ram Pressure	20*20*3		

The abnormal stone pressing machine from our factory, is professionally made for producing irregular-shaped paving, wall tiles etc. The shaping takes place by hydraulic single strokes cutting process. It produces highly efficient, precise and stable, varieties of good tile patterns with the abandoned leftover thappy waste pieces. (Mould can be fixed and adjusted as per the requirement of the customers)
